WHAT OUR TEAM KNOWS

We know where Frake fits.

One species covers exterior cladding and siding, decking, interior panelling, and furniture and joinery. Frake, also sold as Limba, is a West African hardwood.

FOR YOUR BUSINESS

Cladding and deck boards to put up against ipe and other tropical hardwoods.

HOW WE SUPPLY IT

Profiles, sizes and availability are being confirmed. Ask our sales team for Frake product information as it is released.

FRAKE BOARDS

NAWLA TRADERS MARKET
